Seeking a challenging role in the field of IT industry to contribute towards Growth and Deliver Leadership Excellence

---

SYNOPSIS

- ❖ **11 years** of experience in **Automation Testing** with exposure to Finance, Oil & Gas, Retail, Travelling and Automobile Domain having expertise on **Web** and **Mobile** testing.
- ❖ Created **QA Automator** on public domain which is **AI** based tool developed in ReactsJS which can create test scripts without any language dependency. It has all facility of (Development/Maintenance/ Execution/Dashboard) on a single Web platform.
- ❖ Independently developed Advanced and complex level of **automation frameworks** like Data-driven, Keyword-driven and Hybrid for Selenium, UFT/QTP and Coded UI automation tools.
- ❖ Independently developed **UI interface** for Test script execution using selenium grid and node.
- ❖ Independently developed **UI interface** of Keyword driven framework for creation, execution and maintenance of test script
- ❖ Good command over programming language **C#**, **Java** and JavaScript
- ❖ Independently developed **Database testing framework** using **C#.**
- ❖ Experience in **Selenium Integration Testing** with **QC, MTM, Test Link and Jira.**
- ❖ Huge experience with Test Automation tools - **Selenium, Appium, QTP**, **JMeter, CODEDUI** and **AutoIT**.
- ❖ Huge experience with Version Control Tools - **SVN** and **TFS**.
- ❖ Huge experience in development, maintenance and execution of automation scripts.
- ❖ Experience in development and demonstration of Proof of Concept (**POC**) to prospective clients.
- ❖ Review of automation approaches and artifacts. Taking interviews of automation profiles.
- ❖ Experience in **Sanity**, **Functional**, **Regression** and **Load** Testing.
- ❖ Independently developed Automation Framework for **RESTful API**.
- ❖ Developed **Automatic bug logging mechanism** on different test management tool like Jira, MTM in Which automatically bug gets log once test scripts is executed and also associated test case is Attached to bug.

PROFESSIONAL EXPERIENCE

- ❖ **Coforge Technology** Noida, **Test Architect** (Jul'19 – Present)
- ❖ **Pitney Bowes** India Pvt. Ltd., Noida, **Sr. QA Advisory Engineer** (Aug'18 – Jul'19)
- ❖ **Cyber Group** India Pvt. Ltd., Noida, **Team Lead** (Aug'14 – Aug'18)
- ❖ **Condeco** Software ltd Gurgaon, **Automation Specialist** (May'13 – Aug'14)
- ❖ **Pyramid** IT Consulting, Noida, **Automation Engineer** (Dec'10 – May'13)

Pravesh Kumar Jha

COMPUTER PROFICIENCY

Web Automation Tools	:	**Selenium, Selenium Grid, Appium, QTP, CodedUI, TestNG Spec flow, Cucumber, Sikuli, Winium, Webdriver IO, QA Automator**
Operating Systems	:	**Windows Family**
Databases	:	**SQL**
Version Control Tools	:	**SVN, TFS, Source Tree, Git, Bitbucket**
Programming Languages	:	**C#, JAVA, JavaScript**
Test Management Tools	:	**QC, MTM, Test Link, Jira, Confluence, TestRail**
Continuous Integration Tools	:	**Jenkins**
Performance Tools	:	**Jmeter**
API Tools	:	**REST API, Postman, QA Automator**
UI development Language	:	**ReactJS**
API Development Language	:	**.NET**

PROJECTS HANDLED

Project Name	:	**Emirates**
Duration	:	(July 2019 – Present)
Technology used	:	Webdriver IO , Confluence, Jira , bitbucket ,JavaScript , AWS, Gatling, TestRail
Role	:	Test Architect
Agile Framework	:	Safe 5.0

Responsibilities   :
- Responsible for Designing and implementation of test Automation framework.
- Responsible for development, execution and maintenance of the test framework and test script.
- Responsible for handling QA Automation Team.

PROJECTS HANDLED

Project Name	:	**Confirm (Asset Management)**
Duration	:	(August 2018 – July-2019)
Technology used	:	Selenium Web driver, Selenium Grid, Appium, Winium, Jenkins, Jira,C#
Role	:	Sr. QA Advisory engineer

Responsibilities   :
- Responsible for maintaining quality of deliverables in every sprint.
- Responsible for smooth execution of all automation test scripts.
- Responsible for development, execution and maintenance of the test framework and test script.

PROJECTS HANDLED

Project Name	:	**Stage Store**
Duration	:	(April 2018 – August 2018)
Technology used	:	Selenium Web driver, Java, Jira, Mentis, Jenkins, Java

Pravesh Kumar Jha

Role	:	Team Lead
Browser	:	Edge (40), Firefox (60), Chrome (66)

Responsibilities :

- Responsible for Automation framework design and implementation, using Selenium (Web driver & Remote web driver) with Java from scratch.
- Responsible for integration of testing automation framework with CI tool like Jenkins.
- Responsible for development, execution and maintenance of the test script.

PROJECTS HANDLED

Project Name	:	**North American Power**
Duration	:	Dec 2015 – April 2018
Technology used	:	Selenium Web driver, Selenium Grid, C#, Test Link, Jira, Jmeter
Role	:	Sr. Test Engineer
Browser	:	IE (11), Firefox (58), Chrome (64)

Responsibilities :

- ❖ Responsible for Automation framework design and implementation, using Selenium (Web driver) and selenium Grid with C#.
- ❖ Responsible for creating window UI interface for remote execution using selenium grid and node.
- ❖ Development, maintenance and execution of automation scripts.
- ❖ Responsible for Integration of framework with Test link and Jira.
- ❖ Responsible for Executing test script and publish the reports to the stakeholders.
- ❖ Responsible for Execution of Load test script and publish the Response time to the stakeholders.

PROJECTS HANDLED

Project Name	:	**Nerium**
Duration	:	(Aug 2014 –Dec 2015)
Technology used	:	Selenium Web driver, TFS, C#, MTM
Role	:	Sr. Test Engineer
Browser	:	IE (11), Firefox (37), Chrome (43)

Responsibilities :

- Responsible for Automation framework design and implementation, using Selenium (Web driver) with C#.
- Implementing Automatic Email trigger after end of test suite execution. Fail script send to directly dev. owner and related to test engineer.
- Responsible for Auto bug creation. After failing test script, an auto bug is created in TFS and test case is associated with this bug.
- Responsible for development, execution and maintenance of the test script.

Pravesh Kumar Jha

PROJECTS HANDLED

Project Name	:	**Condeco Room Booking Software**
Duration	:	(May'13 – Aug'14)
Technology used	:	Selenium (Web driver), C#, Target Process, Jmeter
Browser	:	IE (8, 9), Chrome (30), Firefox (24)
Role	:	Automation specialist

Responsibilities :

- Responsible for Automation framework design and implementation, using Selenium (Web driver) with C#.
- Development and Maintenance of the Automation scripts using Selenium (Web driver), C#
- Knowledge transfer sessions to new team members.
- Creating a Load Testing Framework using JMeter.
- Executing Jmeter script.
- Bug Reporting

PROJECTS HANDLED

Project Name	:	**THD Web Automation (7Up)**
Duration	:	(Dec'10 –May'13)
Technology used	:	QTP, VB, Quality Center, Selenium RC and Selenium Web driver
Role	:	Automation Engineer
Browser	:	IE (6), Firefox (3.5)

Responsibilities :

- Development and Maintenance of the Automation scripts using QTP and later, on Selenium.
- Execution of script deliverables at client end and getting them certified.

- Development and Maintenance of the Function libraries.
- Updating existing framework as per best suite and client requirement.

ACHIEVEMENT

Pravesh Kumar Jha

- ❖ Received **Ace award** in Coforge Technology
- ❖ Received **Ace award** in Pitney Bowes.
- ❖ Received **thrice** best QA Annual awards in Cybergroup.
- ❖ Received **11** times "**Employee of the Month"** award for Project THD Web Automation (7Up) – Selenium and THD Web Automation (7Up) - QTP
- ❖ Won '**Shining Star'** award for project 'Condeco Room Booking Software'.
- ❖ Safe 5.0 Agilist certified.

EDUCATION AND CREDENTIALS

- ❖ B. Tech in Computer Science & Engineering in 2010 from Punjab Technical University, Jalandhar with an aggregate of **71%** marks.
- ❖ 12th from BIEC in 2001 with **75%** marks
- ❖ 10th from BSEB in 1999 with **67** % marks

HOBBIES

- ❖ Reading books, Writing Poems and sort story.
- ❖ Playing and Watching Cricket.
- ❖ RnD for Open source.

PERSONAL VITAE

Date of birth	:	28 February 1985
Languages Known	:	English, Hindi and Maithili
Permanent Address	:	Village + Post: Kataiya, Via: Benipatti, District: Madhubani, Bihar Pin: 847223
Present Address	:	Sector 55, A-108, Noida, U.P (201301)
